PROFESSIONAL EXPERIENCE

Infosoft Consulting Corporation, Poblacion District

WEB DEVELOPER INTERN | APRIL 2026 - JULY 2026

- Engineered a full-featured DTR (Daily Time Record) system from the ground up, automating manual intern time-logging and attendance tracking, which reduced administrative processing time by an estimated 70% through streamlined digital check-in/check-out workflows.
- Developed secure role-based access controls (RBAC) to segment functionality for interns, coordinators, supervisors, and admins, implementing tiered authentication and approval workflows that eliminated timesheet discrepancies and ensured 100% accurate supervision of intern work hours.

- Built a dynamic reporting dashboard featuring real-time data visualization widgets, enabling company supervisors to monitor attendance patterns instantly and generate automated weekly/monthly summary reports for seamless payroll processing and performance evaluations.

Peroptyx, Ireland (Remote)

DATA ANALYST | OCTOBER 2025 - FEBRUARY 2026

- Evaluated and rated hundreds of search query results per week using proprietary guidelines, directly improving map routing accuracy and local search relevance for end-users.
- Analyzed complex location data, addresses, and directional routes for contextual correctness, consistently maintaining a 95%+ quality assurance score by identifying and flagging geo-spatial inconsistencies.
- Identified and reported recurring data anomalies and mapping errors to senior analysts, contributing to process improvements that reduced overall data correction turnaround time and enhanced overall dataset reliability.
